**HOME POSSIBLE MORTGAGES****Effective October 29, 2018**

In response to Seller feedback, we evaluated our requirements for Home Possible and Home Possible Advantage Mortgages and are combining Home Possible and Home Possible Advantage into one offering in an effort to better help Sellers originate Home Possible Mortgages.

The revised Home Possible Mortgage offering will:

- Provide Sellers with ease of use and operational efficiencies by eliminating the need to maintain two separate offerings
-

- Continue to meet the needs of low- and moderate-income Borrowers looking for a 3% down payment option by offering the same loan-to-value (LTV) and total LTV (TLTV) ratio flexibilities currently offered for Home Possible Advantage. Certain requirements and permissible loan attributes will continue to vary depending on LTV and TLTV ratios.
- Expand access to credit by providing new flexibilities that will help increase homeownership opportunities for more Borrowers

The following chart compares the current requirements for Home Possible and Home Possible Advantage Mortgage offerings to the revised requirements for the consolidated Home Possible Mortgage offering:

## Loan Product Advisor

Beginning on October 29, 2018, Sellers can submit Home Possible Mortgages through Loan Product Advisor with either the Offering Identifier for Home Possible Mortgages or Home Possible Advantage Mortgages with the same experience and requirements.

Sellers may continue to use the Home Possible Advantage Offering Identifier until its retirement, which will occur on or after September 30, 2019.

### Delivery requirements

For Home Possible Advantage Mortgages originated before October 29, 2018 and delivered on and after October 29, 2019, Sellers may enter either the valid value “Home Possible Mortgage” or “Home Possible Advantage” for ULDD Data Point *Loan Program Identifier* (Sort ID 404).

On or after September 30, 2019, Loan Selling Advisor® will be updated to retire the valid value “Home Possible Advantage.”

### Additional resources and Guide updates

Sellers are encouraged to register for our “[What’s New with Home Possible](#)” webinar and visit [The Learning Center](#) for additional resources.

We are updating Guide Sections 4205.2, 4501.1 through 4501.3, 4501.6 through 4501.10, 4501.12, 4501.14, 4603.3, 4701.2, 5703.3, 6302.14, 6302.34, Exhibits 19 and 25 to reflect these changes.

## MORTGAGE ELIGIBILITY AND CREDIT UNDERWRITING

### Student loans

**Effective for Mortgages with Settlement Dates on and after November 1, 2018; however, Sellers may implement immediately**

Currently, student loans that are in repayment are subject to different requirements than those that are in deferment or forbearance. In response to Seller feedback, we reviewed our requirements for liabilities included in the monthly debt payment-to-income ratio, specifically student loan liabilities, and are aligning our requirements for student loans that are in repayment, deferment or forbearance, providing one simplified approach for the calculation of student loan debt.

For student loans in...	Previous requirements	New requirements
<b>Repayment</b>	Use the greater of: <ul style="list-style-type: none"><li>• The payment amount on the credit report</li><li>• 0.5% of the original loan balance</li><li>• 0.5% of the current loan balance</li></ul>	<ul style="list-style-type: none"><li>• If the monthly payment amount is greater than zero, use the monthly payment amount reported on the credit report or other file documentation, or</li><li>• If the monthly payment amount reported on the credit report is zero, use 0.5% of the outstanding balance, as reported on the credit report</li></ul>
<b>Deferment</b>	Use the greater of:	
<b>Forbearance</b>	<ul style="list-style-type: none"><li>• The payment amount on the credit report</li><li>• 1% of the original loan balance</li><li>• 1% of the outstanding balance</li></ul>	

Loan Product Advisor feedback messages will be updated by November 1, 2018 to reflect these changes.

Guide impact: Section 5401.2

## **Cash back requirements for “no cash-out” refinance Mortgages**

### **Effective for Mortgages with Settlement Dates on and after October 27, 2018; but Sellers may implement immediately**

Previously, for a “no cash-out” refinance Mortgage, proceeds could be used to disburse cash to the Borrower (or other payee) not to exceed 2% of the new refinance Mortgage, or \$2,000, whichever was less.

To provide flexibility in the disbursement of cash back to the Borrower, we are revising our requirements to permit cash back up to the greater of 1% of the Mortgage amount or \$2,000.

Guide impacts: Sections 4301.4, 4602.5 and 5703.4

## **Inquiries on the credit report**

### **Effective September 9, 2018**

In response to Seller feedback and requests, we are reducing the required time frame for evaluating inquiries on the credit report from 120 days to 90 days.

Guide impact: Section 5202.6

## **Income commencing after the Note Date**

Currently, Sellers are required to deliver ULDD Data Point *Investor Feature Identifier* (Sort ID 368) of H57 if a Mortgage is originated using income commencing after the Note Date to qualify the Borrower.

In response to Seller feedback, we are removing the requirement that Investor Feature Identifier (IFI) H57 be delivered for these Mortgages. As a result, delivery requirements for income commencing after the Note Date will be removed from the Guide.

Loan Selling Advisor will be updated on November 29, 2018 to prevent the delivery of IFI H57.

Guide impacts: Sections 5303.2, 6302.9 and Exhibit 34

## **Extension of effective date for rental income requirements announced in Bulletins 2017-12 and 2018-1**

### **Effective for Settlement Dates on and after March 1, 2019**

In Bulletin 2018-1, we extended the effective date for the revised rental income requirements announced in Bulletin 2017-12 to Settlement Dates on and after November 30, 2018. The reason for the extension was to give us the opportunity to further review the Seller feedback we had received and consider if the requirements, format and/or language could be fine-tuned through additional specificity and/or revision for Seller ease of use.

After the extended effective date was announced, we continued to receive feedback. To ensure all feedback is reviewed and considered, we are further extending the effective date to Settlement Dates on and after March 1, 2019.

If, after reviewing the feedback we received, we determine further revisions will be made to the rental income requirements, the revisions will be announced in an October Bulletin and will be effective for Mortgages with Settlement Dates on and after March 1, 2019.

Sellers may continue to originate, underwrite and deliver Mortgages based on either the rental income requirements announced in Bulletin 2017-12, in their entirety, or those in effect prior to Bulletin 2017-12, in their entirety.

Guide impacts: Sections 3401.12, 4201.15, 4201.16, 4501.9, 5304.1, 5306.1, 5401.2, Forms 91, 92, 998 and Glossary J-Q

## **FORM 71, MARKET CONDITIONS ADDENDUM TO THE APPRAISAL REPORT**

As part of our appraisal modernization efforts, we are no longer requiring that Form 71, *Market Conditions Addendum to the Appraisal Report*, be provided with all appraisal reports. The expected scope of work is not changing as the appraiser is still required to perform the analysis necessary to report and consider neighborhood and market conditions. If Sellers continue to require the use of Form 71, we will accept the form and there will be no operational impact.

Guide impacts: Section 5601.10 and Form 71

## **CONDOMINIUM PROJECT INSURANCE**

### **Property, flood, liability and fidelity or employee dishonesty insurance**

In response to Seller/Servicer inquiries, we are updating our requirements for property, flood, liability and fidelity or employee dishonesty insurance to:

- Allow a Condominium Unit, including a Condominium Unit in a 2- to 4-unit Condominium Project, to be insured through an individual property insurance policy, in lieu of the condominium homeowners association (HOA) policy, if the condominium governing documents require. Common elements must be covered through the condominium HOA policy.
- Allow a Condominium Unit in a 2- to 4-Unit Condominium Project to be insured through an individual policy, in lieu of the condominium HOA policy for flood insurance, if the condominium governing documents require.

### **Increased deductible for Condominium Projects**

Previously, the condominium homeowners association’s policy deductible for damage due to fire, water (not caused by flooding) or wind could not exceed 5% of the limit maintained for building coverage. We will now allow Condominium Projects to have a higher deductible if it exceeds 5% due to a per unit deductible for named perils specific to a geographic area provided that the unit owner’s HO-6 policy meets certain requirements.

Guide impact: Section 8202.2

## **ADDITIONAL GUIDE UPDATES**

### **Functions performed by third-party originators**

In response to Seller questions, we are specifying that it is acceptable for third-party originators to perform certain incomplete improvement requirements that are identified as obligations of the Seller.

Additionally, Section 4201.10 has been updated to recognize functions that may be performed by third-party originators throughout the origination process. Sellers remain responsible for compliance with all Freddie Mac Purchase Documents.

Guide impacts: Sections 4201.10 and 5601.2

### **Multiple contracts used to determine the purchase price**

For a purchase transaction, we define “value” as the lesser of the appraised value of the Mortgaged Premises on the Note Date or the purchase price of the Mortgaged Premises.

In response to Seller questions, we are specifying that it is acceptable for multiple contracts to be combined when determining the purchase price of a Mortgaged Premises for a newly constructed property.

Guide impact: Section 4203.1

### **General requirements for verifying documents**

### **Lender gifts and grants for Home Possible Mortgages**

#### **Effective May 20, 2019**

We are updating the delivery instructions for Home Possible Mortgages originated with gifts and grants from the Seller as the originating lender to align the implementation note guidance with what was previously announced in Bulletin 2017-11. The note guidance instructs Sellers to deliver the valid value of “Originating Lender” for ULDD Data Point, *Down Payment Source Type* (Sort ID 173), and “Grant” for ULDD Data Points, *Down Payment Type/Down Payment Type Other Description* (Sort IDs 175/176).

Loan Selling Advisor was updated on March 5, 2018 to accept the new valid values, which allows Sellers to begin delivering them as soon as they are able. Sellers will be required to deliver the new valid values on and after the ULDD Phase 3 mandate on May 20, 2019.
